Mr. Willie Riddick,
919 Faulkland St.,
Norfolk, Va.

Dear Willie:

I sent you a wire yesterday, which you no doubt received by now, and shortly after sending it Pompey, who owns the Cubans, came to the office and informed me he had already arranged with Joe Lewis to handle the stuff at Portsmouth. He had ordered the cards shipped to Lewis for the game at Portsmouth and the one in Norfolk. I do not know whether he has secured the Park in Norfolk for the 26th or not, please check on it and see.

I had written you several days ago telling you the Eagles and Phila Stars are coming to Norfolk for a doubleheader Sunday, June 15th. I had a letter from Mr. Dawson O. King the date for the Park. I will ship the placards for the game Sunday, June 15th as soon as I hear from you. Please answer me at once, if you want to handle this game because the cards have to be ordered and shipped and distributed and it is less than a months time. If you do not care to handle it, please send me the name and address of some one you would recommend.

Will appreciate hearing from you right away, as we would like Sundays in June to be well advertized.

Very truly yours,
